

Apiary.Sites.Offered

I help to run a small estate/farm near Pandy north of Abergavenny. The owners Mr & Mrs R. Bailey. would be very interested to have someone keep bees on the land, we have just short of 200 acres with most of the area spray free, we have two small orchards, & grow clover & beans for harvesting. to my knowledge there are no other bee keepers in the area. if you know of any of your members that would be interested please contact me on the above email, or ring me one evening on 01981 241413. Best regards Neil Kennedy (received August 2010)

Whilst I don't have any land to sell, I do have a strip of land opposite my cottage that I believe would be suitable for bees - it's sheltered and surrounded by cider orchards.

Site is in Llangovan, so 2 miles outside Raglan - postcode NP25 4BU.

I would be happy to have some hives and just have some honey from time to time.

Can you let me know if you or one of the members would be interested in having a look.

Richard

Mr Kear in Monmouth has a large town garden. If anyone would like to keep bees in his garden, please ring him on 01600 716484 (June 2011)

Mr Padfield has land available as an apiary site - someone used to have bees on it years ago. It is approx 3 mins from the Coldra under Wentwood. Ring 01633 400496 (June 2011)

Deborah Edwards-Lowe has land at Cwmffrwdoer - contact 01495 753877 (June 2011)

Mr and Mrs Underwood, The Garth, Caerleon Road - Number to come via Dianne (June 2011)

Hi all,

Just had a call from Mike Read from Llangybi (he is situated between Llangybi and Coed Y Paen). He has 260 acres of organic farm and woodland.

He has worked hard over the last 11 years to increase the bio diversity which has worked well for the butterfly and skylark population and he is very keen for bees to be kept on the land.

He is happy for anyone to use the land and seems very flexible to suit.

He confirms that there are a number of possible sites available with privacy and access and will be guided by you as to requirements.

This could be useful for the association and/or individual members/syndicates for beginners etc..

His contact details are 01633 450159 (office) and 01633 450225 (home).

Please also pass this on to anyone interested in a site (Catherine Oct 2011)
