

Diary of Events

During the winter, meetings take the form of informative lectures, practical microscope sessions or social events. Lectures are held on the second Thursday of the month in Goytre Village Hall at 7.30 pm. There is no entrance fee; tea and coffee are available at the end of the session when people exchange their news and views. Once a year, there is an association dinner. The AGM is held on the second Saturday in November at 2.15 in Goytre Village Hall, followed by a talk.

Throughout the beekeeping season, a monthly meeting is held at the association apiary when work appropriate to the season is carried out. Extra sessions may be necessary, which are advertised in the monthly newsletter. Beginners are welcome at apiary meetings.
